A. KEY QUESTIONS

How do I make a claim?

1. If an incident occurs at your property, which is covered by your policy, please call the claims number shown on your policy Schedule. We may try to resolve the issue for you straight away by talking you through a simple set of fault finding questions to fix the issue over the telephone. If this is not possible, we will arrange for the incident to be dealt with in accordance with the terms and conditions of your policy.
2. Claims must be made by you or a person calling on your behalf. **Please call us as soon as you are aware of the incident. We will not be able to cover the costs of any work carried out by persons not authorised by us in advance.**
3. Please have your policy number ready when you call. The engineer may also ask to see your policy schedule when he/she arrives at your property.

4. If you have a 'with excess' policy, you will have to pay the amount detailed on your policy schedule each time you make a claim. We will then cover the cost of the rest of the claim up to the applicable claims limit. Excess payment(s) will be taken when you call to make a claim. We can only accept payment using the following cards: MasterCard, Maestro, Visa or Visa Delta. Each area of policy coverage, as listed in section B, has its own claims limit(s). An excess payment is required for each new unrelated claim (i.e. not arising directly from the same incident). Your excess payment(s) will be refunded if for whatever reason the claim is cancelled prior to the engineer attending or, where after initial inspection, the incident is not covered by your policy. In the event your boiler is deemed Beyond Economical Repair (BER) or parts required to fix the problem are obsolete, your excess payment will not be refunded.

Please be aware that you cannot make a claim under your policy during any exclusion period. If applicable, the exclusion period(s) relevant to your policy are set out within your policy schedule.

How long is my policy for?

Your policy will continue for the period of twelve months, unless it is cancelled by you or us before then. You have certain rights to cancel your policy, and these are set out below under the heading 'how can I cancel my policy'. Our cancellation rights are also set out below under the headings 'How can HomeServe cancel my policy' and 'What if I miss a payment'.

How can I cancel my policy?

If you wish to cancel your policy; you (as the named policy holder) or an authorised representative, must contact us by calling the customer service number or writing to us at our freepost address.

You may cancel your policy at anytime and choose an appropriate cancellation date. Depending on when you cancel and whether you have made an insurance claim or received any non-insured servicel(s), any refund of premium paid to you or premium owed by you may be calculated as follows:

Insurance premium

Within your cancellation period:

- If you have not made a claim, you will receive a full refund,
- If you have made a claim, you will receive a refund less an amount for the number of days you have been on cover

Outside your cancellation period:

- If you have not made a claim, you will receive a refund less an amount for the number of days you have been on cover
- If you have made a claim, you will not receive a refund and must pay any remaining insurance premium due for the term of the policy.

If you are a monthly payer, upon cancellation, we will ask you to choose an appropriate cancellation date to ensure any owed premium payment can be collected. Claims can continue to be made until the cancellation date chosen.

How can HomeServe cancel my policy?

HomeServe may cancel your policy on behalf of the Underwriter in the following circumstances:

1. by giving you at least 7 days' notice in writing to the last address provided to us:

- (a) if you are seriously in breach of the terms of your policy. Examples of a serious breach include: failure to make a payment despite contact from us; submitting a fraudulent claim or if you use threatening or abusive behaviour towards our engineers or staff;
 - (b) if you fail to provide accurate and complete information in accordance with the Consumer Insurance (Disclosure and Representations) Act 2012 - please see Consumer Insurance Act later in this document.
2. in any circumstances stated in the Policy Coverage section.
 3. If the boiler health check has not been booked or completed within the first 90 days of the policy start date or the date you change address. If you only have cover for your boiler/system we will provide a refund. If your policy provides cover for elements other than your boiler/system, we will remove the boiler/system element of cover and adjust your premiums accordingly.

You may have several policies administered through HomeServe. In the future we may wish to consolidate these separate policies into one agreement. This will not affect your cover or your premiums. In such circumstances we reserve the right to cancel one or more of your existing policies and to transfer you to the new agreement. If you do not agree to this please let HomeServe know by calling the Customer Services number shown on your policy schedule.

What if I miss a payment?

If you fail to make a payment of premium on the due date, your policy may be suspended and you will not be able to make a claim. HomeServe will notify you in writing within 5 working days of the date on which a payment was due if you fail to make a payment. If you do not pay the requested amount within 30 days of the due date, your policy will be cancelled. Please see the "How can HomeServe cancel my policy?" section for your liability to pay any premium to us under the policy. If you want to make a claim under your policy whilst your policy coverage is suspended, you will be required to pay any outstanding premiums before an engineer will be dispatched to your property. When your policy is cancelled, you will need to pay any outstanding premium to us.

What if I change address?

You are responsible for informing HomeServe of a change of your address so that cover can be transferred to your new property. Please phone us on the customer services number as shown on your policy schedule or write to HomeServe at the Freepost address, to advise us of your new address. We will check with you whether your cover is appropriate for your new property before it is transferred. If you have a policy that includes gas boiler and/or gas central heating we will organise for a boiler health check to take place at your new property. Please review the 'Boiler Health Check' (BHC) section to understand what this means. If the boiler in your new property passes the boiler health check, the section 'Obsolete Parts and BER - first 6 months' will apply from the date your policy was transferred to your new property. If you have a policy which covers multiple elements of cover, cover will continue uninterrupted to all non-gas elements.

How do I renew?

HomeServe will contact you in writing before your policy expires to arrange the renewal of your policy. At the same time we will review your premium and advise you of your renewal premium amount. Your claims history will be considered as part of the premium review. We reserve the right to adjust your premium to reflect any changes in the rate of tax applicable to it. HomeServe reserves the right to refuse renewal of any individual policy and we will inform you before your policy expires if we choose to do so. If you do not wish to renew your policy please give us a call on the customer services number shown on your policy schedule before the policy start date.

How can I complain?

Only the named policy holder(s) or an authorised representative can make a formal complaint. If you wish to register a complaint, please contact us in writing at Freepost, RLYC-LXAL-GEEH, Customer Relations Department, HomeServe, Cable Drive, Walsall WS2 7BN or by calling us on the customer services number shown on your policy schedule. Every effort will be made to resolve your complaint to your satisfaction as quickly as possible, but in any event within 8 weeks at the latest. If we cannot resolve your complaint within this time, we will write to you. If you cannot settle your complaint with us, you may be entitled to refer it to the Financial Ombudsman Service (www.financial-ombudsman.org.uk). We will give you the information you need to refer your complaint.

B. POLICY COVERAGE

GAS BOILER BREAKDOWN

⚠️ If you think you have a gas leak (i.e. it is an emergency), you MUST immediately call the National Gas Emergency Service on 0800 111 999. The National Gas Emergency Service will attend your property and isolate the leak.

Cover Definitions

If your property is a flat, any issues relating for any elements you do not have responsibility for; such as communal areas are not covered.

Boiler: the boiler includes the isolation valve, all manufacturer's fitted components within the boiler together with the pump, motorised valves, thermostat, timer, temperature and pressure controls, chimney structure/flue and expansion cistern.

Boiler Health Check: A physical check of your boiler and/or central heating system to ensure it is one for which we are able to provide cover.

Gas Supply Pipe: the gas installation pipework (up to and including 35mm diameter) running from the outlet of the gas meter to the isolation valve of any appliance (including flexible gas supply hoses).

Beyond Economical Repair (BER) (applies to the boiler only): Upon making a claim, the total cost of parts (including VAT) required to repair the boiler will be determined by us using reputable suppliers. If this cost exceeds 85% of the manufacturer's current retail price (or if this is not available, the average current retail price available through leading UK suppliers) for a boiler of the same or similar make and model to your boiler or the then current version of your boiler, it will be deemed to be BER.

Obsolete parts: HomeServe uses reputable suppliers who stock the usual parts required to fix most boilers. However if, when attempting to fix your system we find that the relevant manufacturer's spare parts are not readily available after a search of all HomeServe's stockists or that parts may be available but will take longer than 28 days to source, HomeServe will not be able to complete your repair. Please refer to obsolete parts section for details of what HomeServe will do in these situations.

What is Covered?

A leak within or breakdown of your boiler and/or a leak in your gas supply pipe. Claims will be dealt with by a Gas Safe registered engineer who will repair or replace the relevant part or parts of your boiler and/or your gas supply pipe.

Additional Claims: Repairing or replacing any number of part(s) for a single reported problem is considered as one claim. If other faults exist or are found which are in a separate part of your system and are not related to the problem you reported an additional claim will need to be made for this repair to be completed.

Temporary heaters: We will deliver two temporary electrical heaters to your home, in the event that we are unable to attend within the same day or next day of your claim being raised. The heaters will not need to be returned to us. Any and all costs relating to the use of the heaters is not covered by us or the underwriter. Please bear in mind that these heaters are only temporary and should not be used as a permanent source of heating.

Permanent reinstatement: Under gas supply repairs, we will reinstate any hard flooring or plasterwork, within the claims limit. However, this will not include reinstating or replacing floor coverings, fixtures or fittings to their original standards.

Re-routing: If we need to re-route your gas supply pipe as part of the repair, in addition to our engineer's best judgement, the most cost effective route to re-establish your gas supply in accordance with Gas Safety (Installation and Use) Regulations will be taken.

Boiler Health Check: (BHC) The BHC is a physical check of your boiler and/or central heating system provided by #AP#.

The BHC must be booked or completed within the first 90 days of your policy start date or the date you change address. We will make reasonable efforts to arrange this with you. During the BHC our engineer will check that your boiler meets our eligibility criteria, your boiler or central heating don't have any pre-existing faults and is in good working order. If the BHC fails we'll either:

- Tell you what needs to be done to fix it – and how much it'll cost if it's a repair we can complete
- Remove the boiler/system element of cover from your policy and adjust your premiums accordingly
- Or, cancel your agreement if you only have cover for your boiler/system and provide a refund

If you need to make a claim for your boiler and/or central heating system before we've checked your boiler, we will complete the BHC at the same time we come out to assess the problem. We will not be able to resolve your issue if your boiler does not meet our eligibility criteria or your boiler or central heating have faults that pre-existed the date of your policy application.

Your boiler or central heating cover will be suspended whilst you make arrangements for the fix to be completed. If you subsequently provide evidence (within 28 days) that the problem has been fixed we will reinstate your level of cover or agreement.

If the BHC has not been booked or completed within 90 days we may amend the level of cover to remove the boiler/system element or cancel the agreement to ensure you do not pay for cover which will not protect you in the event of a claim. This applies to new Customers or if you move home.

 **Obsolete parts** – HomeServe uses reputable suppliers who stock the usual parts required to fix most boilers. However if, when attempting to fix your system we find that the relevant manufacturer's spare parts are not readily available after a search of all HomeServe's stockists or that parts may be available but will take longer than 28 days to source, we will not be able to complete your repair.

Obsolete parts and BER - first 6 months – If upon making a claim during the first 6 months of cover your boiler is deemed to be BER or the parts required to fix your boiler are obsolete, you will be transferred to a similar policy without cover for your gas boiler. Your premium will be adjusted accordingly and a proportionate refund (calculated daily) in respect of the difference between the premium for your old policy and the premium for your new policy, will be given with respect to any annual and quarterly payments that have been made in advance. If your premium is paid monthly you will not receive any refund and the new premium shall take effect from your next monthly payment. If a similar policy without gas boiler and/or gas central heating is not available, your policy will be cancelled in accordance with the procedure outlined in section A, under the heading 'How can my policy be cancelled?'

Obsolete parts and BER - after 6 months – If upon making a claim after the first 6 months of cover your boiler is deemed to be BER or the parts required to fix your boiler are obsolete and the boiler is less than 7 years old, we will source, replace and install a new boiler. If the boiler is deemed beyond economical repair and is 7 years or older, we will source, replace and install a new boiler but you will be required to pay the installation costs. We will provide for you, a quote for this work. The new boiler will provide the same heating and hot water requirements as your existing boiler and will match your existing type of boiler e.g. a combination boiler will be replaced with a combination boiler and a 'heat only' boiler will be replaced with a 'heat only' boiler. The boiler will be a modern boiler of a sufficient size for your property. It will not be like for like replacement of the existing boiler and we cannot guarantee that the replacement boiler will be fitted in the same place. Replacements will meet all current statutory requirements and system upgrade costs are not included.

If we are unable to contact you once your boiler has been deemed BER, we will write to inform you, giving you 14 days to contact us to advise us if you wish to proceed with a replacement boiler and installation with HomeServe. Once your boiler has been replaced or if you have not contacted us, you will be transferred to a similar policy without cover for your gas boiler. Your premium will be adjusted accordingly and a proportionate refund (calculated daily) in respect of the difference between the premium for your old policy and the premium for your new policy, will be given with respect to any annual and quarterly payments that have been made in advance. If your premium is paid monthly you will not receive any refund and the new premium shall take effect from your next monthly payment. If a similar policy without gas boiler and/or gas central heating is not available, your policy will be cancelled in accordance with the procedure outlined in section A, under the heading 'How can my policy be cancelled?'

Maintenance work – The engineer when dealing with your system, may complete the repair but diagnose that additional maintenance work is required to your boiler and/or central heating system in order to prevent a future breakdown. For example; maintenance work can include circumstances where there is a build up of sludge/scale/rust resulting in your boiler/and central heating system needing cleaning. As this maintenance work is not covered under this policy, it is your responsibility to have it completed. We will notify you and confirm by letter that this work needs to be completed. Until the maintenance work is carried out we will be unable to offer any cover for the affected part of your system. To avoid you paying for cover you no longer have, you should get this maintenance work completed as soon as possible. Please provide us with evidence in writing of the work having been completed in order for us to reinstate your cover.

Compensation Scheme

Both the Underwriter of this policy and HomeServe are covered by the Financial Services Compensation Scheme (FSCS). The FSCS is a safety net for customers if we or the Underwriter are unable to meet our liabilities. You may be entitled to compensation in these circumstances depending on the details of any claim. If entitled to compensation you would be covered for 90% of the claim, without any upper limit. Further information about the scheme arrangement is available from FSCS.
